

Analytics report of google merchandise store:

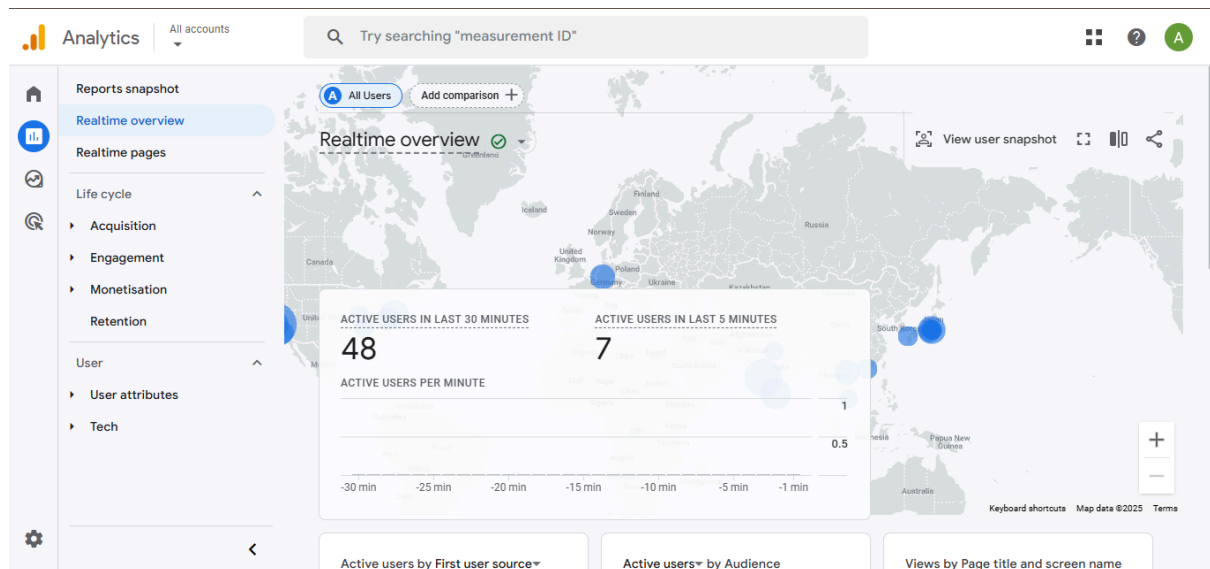

In the below image we can see the active user numbers, key events and active users in last 30 minutes.

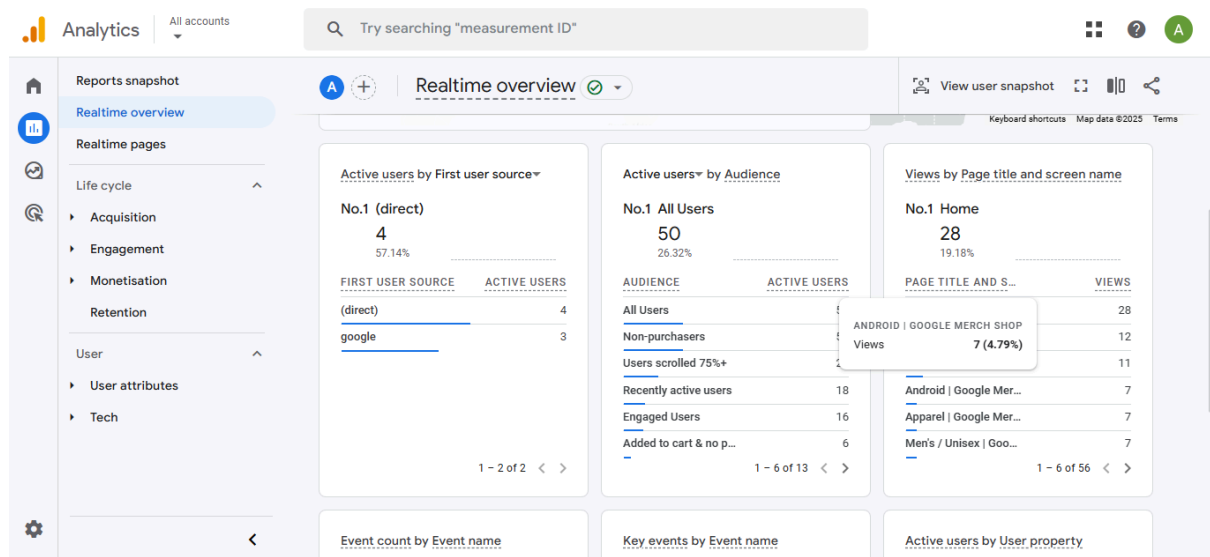

In the 2nd image we can see event counts, purchases and country wise active users too.

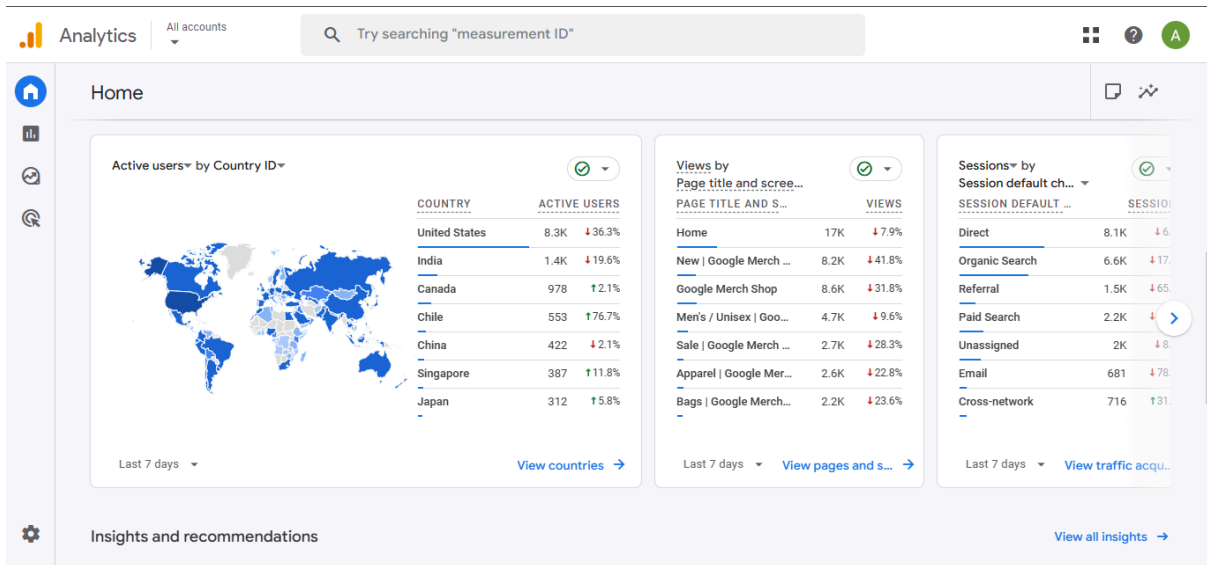

In the 3rd image when we click on “View real time” then we can see how many people are using our website in real time. The blue circle in the world map shows the traffic in various places that is in website.

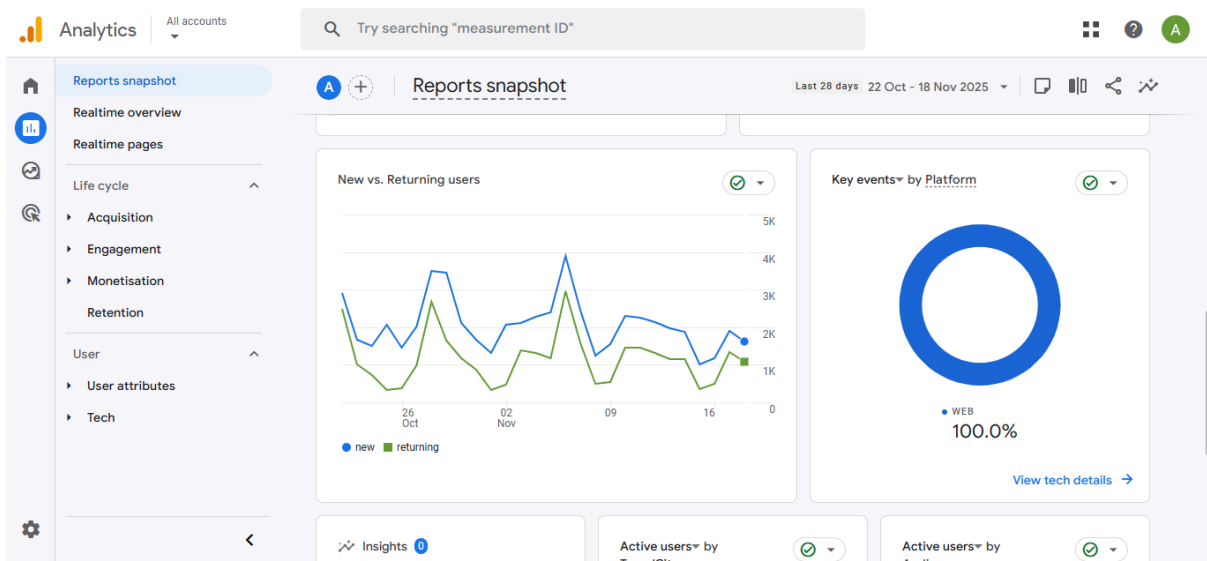

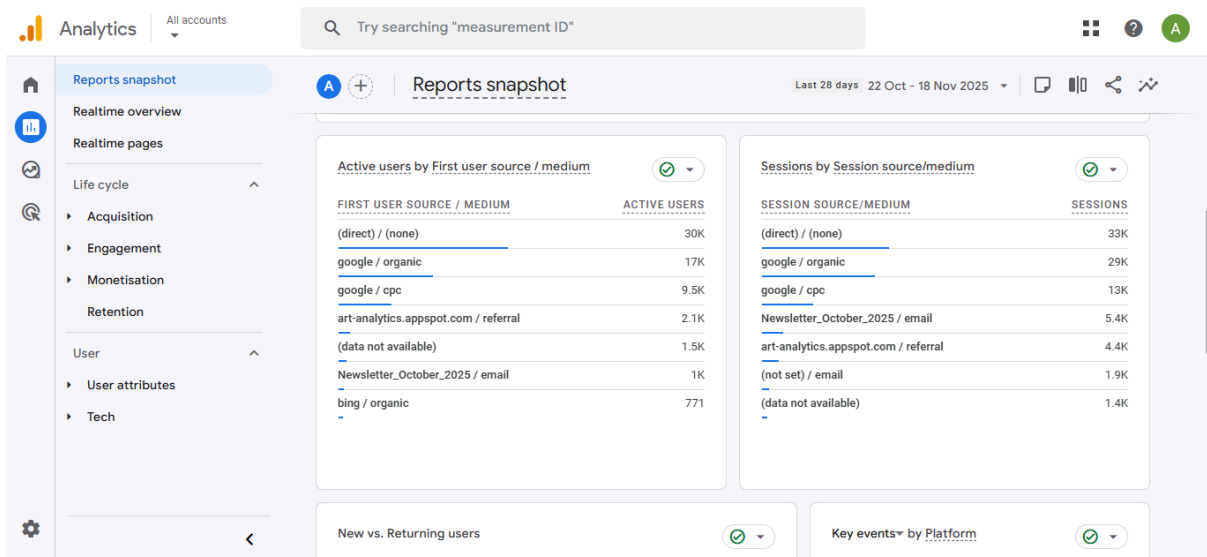

By going down we can see more detailed breakdown of the users across the world like active users by audience, first user source, View by title and screen name etc.

In the next image we can see the number of increasing and decreasing users by countries.

The following images are snapshots which gives us more detailed breakdown of new users, returning users and etc.
